49	New Provision	<p><b>Section 26A. Distance Education of Persons with Disabilities above 18 years of age to be free upto the senior secondary stage.</b></p> <p><b>Whenever a person with disability who is above the age of 18 years, but has not completed education upto the senior secondary stage, enrolls himself for distance education in an institution imparting such education, no fee of any kind shall be charged from such person, till he completes the senior secondary stage of education.</b></p> <p><b><u>Explanation:-</u></b></p> <p><b>"Distance Education" for the purposes of this Section means a system of imparting education other than through the conventional mode and includes open and non-formal system of education and training wherein teachers and learners need not be present at the same time or place and where the method of imparting education is through any means of communication, such as broadcast, telecast, electronic transmission of text and audio-visual material, internet / intranet, contact programmes, etc. or the combination of any two or more such means.</b></p>

50	New Provision	<p><b>Section 26B. Higher and Professional education</b></p> <p><b>To enable students with disabilities to pursue higher and professional education, the appropriate Governments shall-</b></p> <ul style="list-style-type: none"> <li><b>(i) take necessary steps to ensure appropriate environment and facilities, including resource rooms in the campus of colleges and universities;</b></li> <li><b>(ii) develop separate guidance, counseling and placement services in each district suitable to the needs of persons with disabilities.</b></li> </ul>
51	<p><b>27. Appropriate governments and local authorities to make schemes and programmes for non-formal education, etc.</b></p> <p>The appropriate Governments and the local authorities shall by notification make schemes for-</p> <ul style="list-style-type: none"> <li>(a) Conducting part-time classes in respect of children with disabilities who having completed education up to class fifth and could not continue their studies on a whole-time basis;</li> <li>(b) Conducting special part-time classes for providing functional literacy for children in the age group of sixteen and above;</li> <li>(c) Imparting non-formal education by utilizing the available manpower in rural areas after giving them appropriate orientation;</li> </ul>	<p><b>27. Education of children with learning disabilities</b></p> <p><b>Appropriate Government shall take necessary steps to ensure that :</b></p> <ul style="list-style-type: none"> <li><b>(i) Learning disabilities in children are detected at the earliest;</b></li> <li><b>(ii) Suitable pedagogical and other measures are taken so that the child is enabled to overcome such disabilities at the earliest, and is able to fully develop its potential.</b></li> </ul> <p><b>Explanation: For the purpose of this section,</b></p> <p><b>“learning disability” means a disorder which affects the child’s ability to either interpret what he sees and hears, or to link information from different parts of the brain. Learning disability includes children with conditions known as attention deficit disorder, dyslexia, dysgraphia, dyscalculia and dyspraxia.</b></p>

	<p>(d) Imparting education through open schools or open universities;</p> <p>(e) Conducting class and discussions through interactive electronic or other media;</p> <p>(f) Providing every child with disability free of cost special books and equipments needed for his education.</p>	
52	New Provision	<p><b>27A. Education of children with cerebral palsy and children with multiple disabilities, especially deaf-blind children</b></p> <p><b>Appropriate Government shall take necessary steps to ensure that :</b></p> <p><b>(i) Suitable pedagogical and other measures are taken so that the child is enabled to overcome such disabilities at the earliest, and is able to fully develop its potential.</b></p> <p><b>(ii) Children with severe disabilities and children with multiple disabilities, in particular deaf-blind children, are educated through the most appropriate language, modes and means of communication.</b></p> <p><b>Explanation: For the purpose of this section,</b></p> <p><b>“deaf-blindness” is combination of hearing and visual impairments, that creates such severe communication, and other developmental and educational needs that can not be accommodated in special education programmes meant solely for children with deafness or children with blindness.</b></p>

53	<p><b>29. Appropriate Governments to set up teacher's training institutions to develop trained manpower for schools for children with disabilities</b></p> <p>The appropriate Governments shall set up adequate number of teachers' training institutions and assist the national institutes and other voluntary organizations to develop teachers' training programmes specializing in disabilities so that requisite trained human resource is available for special schools and integrated schools for children with disabilities.</p>	<p><b>29. Appropriate Governments to set up teacher's training institutions to develop trained manpower for students with disabilities</b></p> <p>The appropriate Governments shall set up adequate number of teachers' training institutions and assist the national institutes, universities and other voluntary organizations to develop teachers' training programmes <b>so that requisite trained manpower is available for teaching students with disabilities.</b></p>
