Tender Notice No. : Society/DDSFSDDIS/2015-16/338 dated 18/09/2015

Sl. No.	Points to be raised	Reply
<b>Name of Firm : Orion Secure</b>		
1	Orion Security Solutions Pvt. Ltd is registered NSIC and as per the guidelines issued by MSME and NSIC vide letter number 9(14)/2007-SSI(P)-1 dated 8th March 2011 that the companies are exempted for earnest money deposit and documents to participation in the tender process. The copy of registration certificate and circular is enclosed for your consideration.	Allowed to exempt for EMD only as per prevailing rules.
2	Our recommendation to increase the tenure of the contract for the minimum period of three years to provide the effective and result oriented services. As any company would require 3-4 months to set up the full infrastructure at DDSFSDDIS and to awareness of the unemployed youth within the district and their counselling before providing trainings and jobs.	Point 34 (g) of RFP is modified as "the initial project period is for three years starting from date of agreement which can be extended based on the performance."
3	Also, please clarify the point no. 4 of eligibility criteria that the bidders will provide self-certificate list of calls made to generate industry demand. Please clarify whether we have to provide the no. of calls within the period or we should submit the most employable sector / industry.	As per RFP
4	Also, we would like to clarify point no 5 of the eligibility criteria that the bidders will provide unique training modules and course. But as per the deliverables mentioned in the tender documents the bidders should take the ownership on the awareness, registration, counselling and provide the basic communications and skills training if required or provide the guidance to youth for the specialized training based on their educational qualification, skills as well as their interest. Which will be vary from candidate to candidate.	Asked in point No. 5 is for eligibility criteria. Deliverable are part of scope, thus, as per RFP.

<b>Name of Firm : The Motivator, Vapi</b>		
1	Regarding joint venture of two parties : whether one party (say A) can apply jointly with someone for one location and same party(Party A) can apply with some other party with other location or not.	Not allowed thus as per RFP
2	Award of tender should be minimum three years as one year is too less to establish centre and get momentum for work.	Point 34 (g) of RFP is modified as "the initial project period is for three years starting from date of agreement which can be extended based on the performance."
3	EMD amount can be reduce to at least one lakh.	Not possible, thus as per RFP
4	If husband and wife has two separate HR business(different proprietary firm) and if they submit individual or Joint venture with some other party then whether it would violate clause no 4 or any other clause of tender?	The firm must be different and provided that there should not be any common interest including financial, administrative or personal.
5	Whether proposed staff details need to submit with name of candidate?( as mentioned on page no 46 -47)	Yes, as per RFP
