

Gr. 6266

M/s. BLS Polymers Ltd, Sr. no. 66/1, Plot no.40-a & 47-A, Dhan Udyog Sahkari Sangh Ltd, Village – Piparia, Silvassa, UT of DNH. Was issued Consent to Establish for manufacturing of “PVC Compound-10,000 MT/Annum, XLPE Compound-5,000 MT/Annum, PE Compound-10,000 MT/Annum and Master batches-10,000 MT/Annum. (no other items).” under Water Act and Air Act valid upto 31/03/2017. The activity falls under **Category-III**.

The unit has submitted application for grant of consent to Operate under Water and Air act on 04/05/2016 along with the following documents;

- Application form no. XIII under Water Act.
- Application form no. I under Air Act.
- Declaration giving details of capital investment including land, building and plant & machinery without description.
- Consent fees under water and air act for Rs. 6,000/-.
- Format installed Environmental Display sign board.
- Application for authorization to handle Hazardous Waste (form-I).
- Industry Data Sheet.
- Copy of Consent to Establish under Water and Air Act.
- Form-I of Recycled Plastic Manufacturing and Usage (Amendment) Rules, 2003 for grant of registration for manufacturing of plastic carry bags and containers.

The unit was inspected on 06/05/2016. At the time of inspection of the unit following observations were noted:

- The unit had not installed environmental display sign board.
- The unit was in operation at the time of inspection.
- Raw materials used in manufacturing process at the time of inspection were PVC powder.
- Product being manufactured at the time of inspection was PVC Compounds.
- Manufacturing process involved in the unit was extrusion.
- Machineries installed in the unit were an extrusion machine, a cooling tower, a DG Set-380 KVA and an air compressor.
- The unit had not yet started production of XLPE Compound, PE Compound and Master Batches.
- Housekeeping observed was good.
- Proper storage facilities were available for raw material and products.
- Unit was provided with the soak pit and septic tank for generated domestic waste water.

Based upon the scrutiny of submitted application for consent to operate along with the necessary documents and observations during the time of inspection a quarry letter is prepared and placed in the file regarding submission of consent to establish application for already installed DG Set-380 KVA without acoustic covering, to intimate this office when the unit starts production of all remaining products and to submit photographic proof of installed environmental display sign board.

Submitted for your kind perusal and further needful.
